Album Guide

Meet outstanding album types and covers!

tuckermanphotos.com

Hey, it's Kathryn!

I'm dropping this simple guide, because, let's be honest, albums can get a little confusing.

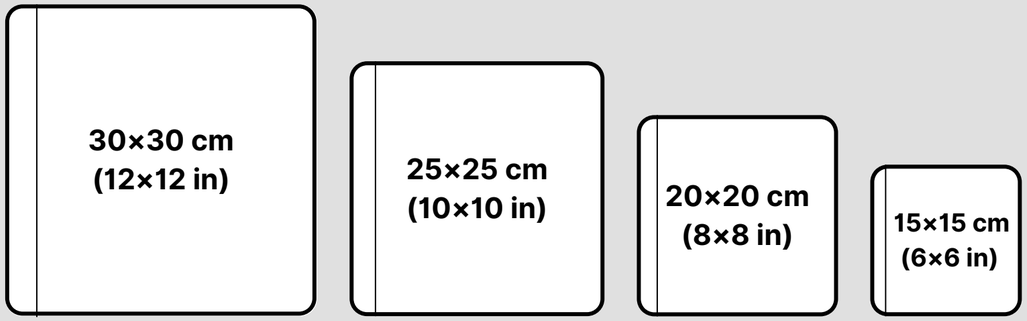
Why you should consider albums?
Because memories matter. If you want your kids or grandkids to be able to travel in time in 20 or 30 years – this is it. Albums are the best way to enjoy photography.

What should I know before I dive in?
The key information is that offered albums come in 4 different covers: Selfoss Velvet, Dolomiti Suede, Canary Leather, Cali Natural Linen.
All the albums are printed on Fuji Crystal Archive DPII Silk paper.

For my couples with an album included in your package, your starting size is 20x20cm with 10 spreads/20 pages. There's some info on how to upgrade to a bigger size or add more pages in the email where you found this guide.

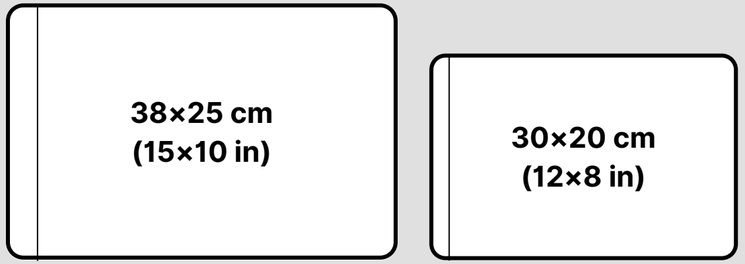
Album sizes

Square



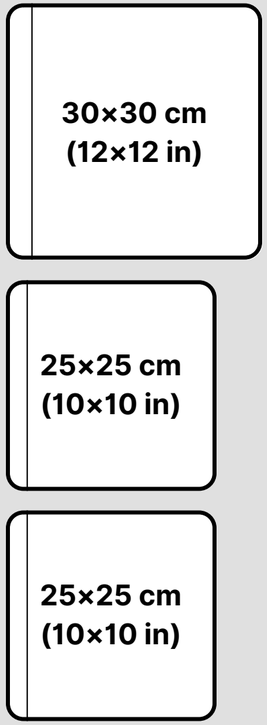
For my couples with an album included in your package, your starting size is 20x20cm

Rectangular



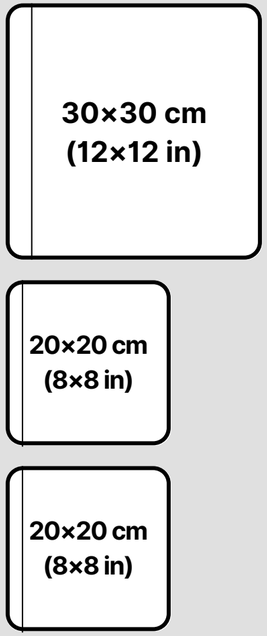
Minimum number of spreads / pages	10 / 20
Maximum number of spreads / pages	40 / 80

Album bundles



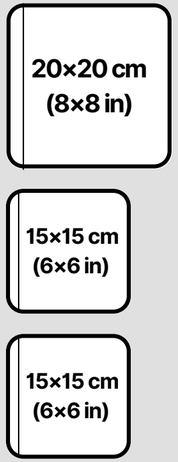
Large Square

one 30×30 cm (12×12 in)
two 25×25 cm (10×10 in) albums



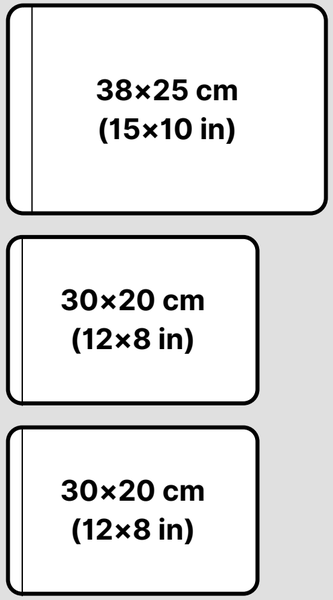
Medium Square

one 30×30 cm (12×12 in)
two 20×20 cm (8×8 in) albums



Regular Square

one 20×20 cm (8×8 in)
two 15×15 cm (6×6 in) albums



Large Rectangular

one 38×25 cm (15×10 in)
two 30×20 cm (12×8 in) albums

Covers

Meet outstanding album types and covers

Dolomiti Suede

Born from the love of adventure

Kind of like a faux suede, but better.
Soft, smooth, delicate and amazing to touch.

Dolomiti Suede

Dolomiti Suede

Selfoss Velvet

Inspired by the moss covered lava of Iceland.

Soft, luxurious, slightly shiny fabric
that makes the album impossible to put down.
